**Services Provided:**

- **Drilled Pier Observation**
- **Compaction Testing**
- **Concrete Testing**
- **Weld and Bolt Observation**

**Project Summary:**

Cesare, Inc. (Cesare) provided drilled pier observation, compaction testing, concrete testing, weld and bolt observation on this 865 square foot, one-story electrical addition. Laboratory testing was performed on samples collected from a test pit and recommendations were made regarding the allowable slope of the test pit.
